A new play that brings together traditional elements of Commedia dell'Arte, great proponents such as Carlo Goldoni and introduces newer influences, ranging from silent films of Charlie Chaplin in the early 20th century, pantomime and political satire to the late, great Sir Norman Wisdom.

Questa é una nuova commedia che unisce elementi tradizionali delle Commedia dell'Arte, famosi proponenti come Carlo Goldoni e introduce nuove influenze, che vanno dai film muti di Charlie Chaplin d'inizio Novecento, alla pantomimica e satira politica fino all'ultimo grande, il defunto Sir Norman Wisdom.
